

Utah Assistive Technology Program

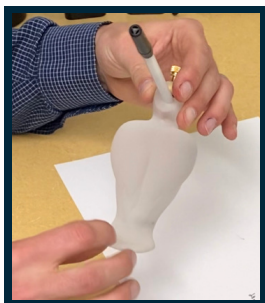

TREMOR DEVICES

We have a wide variety of assistive technology devices designed to support individuals with tremors in everyday tasks, like eating, writing, and more.

Loan Library

High- and low-tech AT devices can be demonstrated and loaned out for an extended period to determine if it is the right fit.

- Liftware Steady
- Writing bird
- Tremelo
- Weighted Cutlery
- And More!

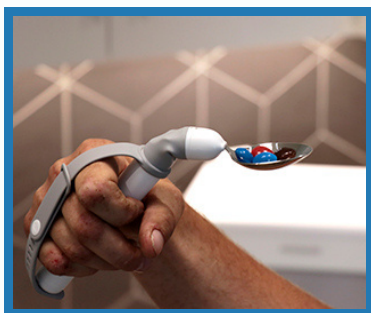

Customization

Customizations and modifications are available to people who may need a low-cost, personalized solution to their needs.

Financing

Small grants and loans are available to purchase the assistive technology that allows them to be more independent.
